

Questionmark + Workday Learning

A **Workday-Certified** assessment solution

Looking to integrate assessments into your Workday Learning ecosystem? Questionmark's Workday-certified assessment solution provides data-driven insights, skill-based learning, AI-powered tools, and so much more.

Easy to integrate and intuitive to use, Questionmark assessments can be launched and reported on directly from your Workday Learning environment. Discover feature-rich and friction-free assessments today.

"We partnered with Questionmark for our customers who have very extensive needs to analyze or create a variety of interaction types to really measure and verify knowledge and capability."

Sonny Yuen

Senior Director of Product Strategy at Workday

With Questionmark assessments integrated into Workday Learning, you can:

- Easily create, deliver, and analyze a wide range of assessments
- Deliver skill-based assessments including observational assessments (OJTs)
- Harness data for more informed decision-making
- Boost productivity with AI-powered assessment tools
- Seamlessly launch assessments from Workday Learning

Built to support key industries and use cases, including:

 Workforce Learning

 Health and Safety

 Compliance

 Finance and Insurance

 Healthcare
